

Fleetilla Connect Integration

Updated May 6, 2020 | <https://carrier.macropointconnect.com/>

Connection Overview

To move forward with a Fleetilla Connect integration, we will need an API key.

Connection Instructions

1. Sign into your portal with Admin Access
2. Click on the "Apps Icon" to the left of your username
3. Click "Account Management"
4. Click "Fleetilla Connect" to generate an API key
5. Once created, provide the API Key to your assigned MacroPoint Activations Consultant or send to MPActivations@Descartes.com
6. We will test the connection before finalization which requires identifiers. Fleetilla Connect uses unit IDs, which are user-definable
