BSM Sentinel FM Integration

Updated May 6, 2020 | https://carrier.macropointconnect.com/

Connection Overview

To move forward with a BSM Sentinel FM integration we will need a username and password with API/webservice access.

Connection Instructions

1. Contact your BSM representative and request a username and password with API access

2. Provide the credentials to your assigned MacroPoint Activations Consultant or send to MPActivations@Descartes.com

3. We will test the connection before finalization which requires identifiers. BSM Sentinel FM uses Vehicle IDs
