

Keep Truckin Integration

Updated May 6, 2020 | <https://carrier.macropointconnect.com/>

Connection Overview

To move forward with a Keep Truckin integration, be sure you are logged in to your Keep Truckin portal and click [here](#).

Connection Instructions

1. After clicking the link you will receive a message confirming your registration with MacroPoint.
2. Send an email to your assigned Activations Consultant or MPActivations@Descartes.com to finalize the connection.
3. We will test the connection before finalization which requires identifiers. Keep Truckin uses “IDs” or “Numbers”.
