BSM Fleet Center Integration

Updated May 6, 2020 | https://carrier.macropointconnect.com/

Connection Overview

To move forward with a BSM Fleet Center integration we will need an API Key.

Connection Instructions

1. Contact BSM at support@webtechwireless.com with MPActivations@Descartes.com on copy and request an API Key for data feed

2. Provide the API Key to your assigned MacroPoint Activations Consultant or send to MPActivations@Descartes.com

3. We will test the connection before finalization which requires identifiers. BSM Fleet Center uses Vehicle IDs or Vehicle Names
