

# Fleet Complete Integration

AT&T Fleet Complete

Updated May 6, 2020 | <https://carrier.macropointconnect.com/>

## Connection Overview

*To move forward with a Fleet Complete integration we will need a name, email, client ID and password.*

## Connection Instructions

1. A user with administrative access to your Fleet Complete portal will need to create a user specific to MacroPoint
2. Log into your account and click the person silhouette in the top right corner, then click “user profile”
3. Once created, provide the name, email, client ID and password to your assigned MacroPoint Activations Consultant or send to [MPActivations@Descartes.com](mailto:MPActivations@Descartes.com)
4. We will test the connection before finalization which requires identifiers. Fleet Complete uses vehicle names, which are typically an eight-digit number
