

CyntrX Integration

Updated May 6, 2020 | <https://carrier.macropointconnect.com/>

Connection Overview

To move forward with CyntrX integration you will need to reach out to a CyntrX representative to obtain a web service username and password.

Connection Instructions

1. Acquire a webservice username and password from CyntrX
2. Provide these credentials to your assigned MacroPoint Activations Consultant or send to MPActivations@Descartes.com
3. We will test the connection before finalization which requires identifiers. CyntrX uses vehicle names
