

Allways Track Integration

Updated May 6, 2020 | <https://carrier.macropointconnect.com/>

Connection Overview

To move forward with Allways Track integration we will need to work with your Allways Track representative to establish an API connection.

Connection Instructions

1. Connections must be established through a representative of Always Track
2. If you want to connect with MacroPoint through Always Track, reach out to MPActivations@Descartes.com
